So far, my focus in General Assembly has been to improve life for students where they are struggling and expand outreach from USG. I have voted in favor of resolutions that aim to improve quality of life and expand resources available for students. One of the resolutions I voted for urged the administration to expand accessibility to mental health resources by simplifying the sprawl of websites that offer fragments of information. I have solicited feedback from constituents to help inform policy proposals and resolutions I am working on. I am
