28/10/2023	African Night	The main theme of the event was "Africa without borders" - so the event focused on making sure Africans understood the importance of making each other feel seen and appreciated. There was also a keynote speaker at the event who touched further on this topic.	The president of the club - Takko Ndiaye (takko.ndiaye@osu.mc.edu)

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

- I have attended more meeting of the African Youth League, I have attended some events hosted by the BSA (which were more so fun based and not entirely topic related - hence no report on them). I have notified Senator Braziel in my interest to join in on some resolutions that have been brought up by The Black Caucus. I have also been informing students of my role so if ever they have ideas, problems and just want to talk they can message me and I will be more than willing to hear them out and potentially push their ideas/complains further.
