## Executive Summary

In the spirit of prioritizing our organization's goals and aspirations, we present the budget proposal for the first semester of our administration. Our primary objective is to lay a strong foundation for the upcoming year, setting us up for successful large-scale initiatives and events

while fostering the growth and development of our members. Additionally, we aim to enhance our visibility, particularly during the start of the academic year, and extend our support during Welcome Week events.

We are excited to showcase the work done by our team in the past couple of months, which has laid a strong foundation for the year ahead. As we move forward, we remain committed to our mission, proud of our accomplishments, and eager to make a positive difference in the lives of our fellow students. With enthusiasm and determination, we welcome the opportunities that lie ahead and look forward to an exceptional year. Together, we proudly exclaim, "GO BUCKS!" Let us forge ahead, united in purpose, and make this year one to remember.

Signed,

Bobby McAlpine

President of the Undergraduate Student Government

## Undergraduate Student Government Finance Team

## Undergraduate Student Government Funding Composition

The Undergraduate Student Government receives its funding for this budget from two distinct sources.

### Student Activity Fee (SAF)

The Student Activity Fee is charged to all undergraduate, graduate, and professional students enrolled at the Ohio State Columbus campus only, which does not include students from Ohio State's regional campuses. The fee is directed to several fixed costs throughout the University, with USG receiving 5.85% of remaining funds after these fixed costs are paid. USG reports its budget on a per-semester basis to the Council on Student Affairs (CSA) Allocations Committee, sharing information about what they have used funds for, upcoming plans, and the success of their past programs.

### Coca-Cola Endowment (COKE)

The Coca-Cola Endowment was established on November 3, 2000, by funds received from the beverage pouring rights between the Coca-Cola Company and The Ohio State University. The Undergraduate Student Government is given the annual interest generated by the endowment so that it may be “Used to Contribute to the Effectiveness of the Undergraduate Student Government in Serving Undergraduate Students, and for Programs, Activities, and Services Benefiting Undergrad Students.” Traditionally, the fund has been used to fund USG’s internal administrative costs, leadership development programs, budgetary shortfalls, etc.

## Undergraduate Student Government Budget Descriptions: Summer 2024

### Academic Affairs

The Academic Affairs committee strives to enhance University policies surrounding academics. The policies we are trying to enhance regard those concerning SEIs, advising, affordability in many capacities, STEP, Libraries, and many more. As a committee, we seek accountability of University Administration in terms of the student's experience with teaching, learning, and everything else related to academic affairs.

Total SAF Budget: \$0.00

Total COKE Budget: \$0.00

### Association of Big Ten Students Liaison

The mission of the Association of Big Ten Students is to increase information sharing and networking among student government organizations and serve as the active collective voice of students of the Big Ten Conference. Ohio State sends a delegation to conference and annual lobbying trips to ensure OSU student concerns are voiced throughout the conference.

Liaison: Mekateko Mathebula.1

**Line #1:** Association of Big Ten Students Summer Conference

**Contact:** Mekateko Mathebula.1

**Budgeted for in the Past:** Yes, Summer 2023

**Description:** Every year, the Association of Big Ten Students (ABTS) brings together student leaders from the 14 peer institutions of the Big Ten during three conferences (Summer Conference, Winter Conference, Big Ten on the Hill). These conferences serve to build connections and share ideas to improve student experience across all Big Ten schools. Also, conferences advocate for issues faced by a combined 600,000 students. Participating Big Ten schools take turns in hosting summer and winter conferences. This August the summer conference will be hosted by Michigan State University for 3 days to accomplish the association's conference goals. Ohio State has participated in such conferences for the past ten years and hosted one this past winter.

**Cost Breakdown:**

Hotel Fee - \$915

Ground Transportation - \$1300

Food - \$1080

**Total Budgeted:** \$3540.00

**Funding Source:** Student Activity Fee (SAF)

### Black Caucus

The Undergraduate Black Caucus is an executive-level unit of the Undergraduate Student Government. This organizational unit is composed of Black students whose function is to represent, support, and advocate for the Black student body through policy, event programming,

and other specialized initiatives. The Undergraduate Black Caucus is governed by its Chair and works with senior leadership to ensure overarching initiatives of USG are inclusive of Black students.

Chair: Jessica Asante-Tutu.1

Total SAF Budget: \$0.00

Total COKE Budget: \$0.00

## Communications

The Communications Committee plays a vital role in managing public relations and communications for the Undergraduate Student Government (USG). Their responsibilities encompass a wide range of activities, including the management of USG's social media presence, promoting various USG events and programs, and fostering meaningful connections with the student body. Through these efforts, the committee ensures that USG's initiatives and messages reach and resonate with students, enhancing engagement and participation across campus. The committee works to continuously strengthen USG's current communications, while planning and implementing new platforms for students to connect with their USG representatives.

Total SAF Budget: \$0.00

Total COKE Budget: \$77.00

**Line #2:** Canon EOS Rebel T7i Charger

**Contact:** Katherine McKeown.46

**Budgeted for in the Past:** No

**Description:** The purpose of buying this charger is to allow the communication committee to be able to utilize the Canon camera that was found in the USG office (the charger is the only thing that is missing). As of now, COMMS does not have a camera for events, thus, a charger would allow us to be able to finally have access to this great resource. We would be able to take high quality photographs of events/initiatives hosted by USG and various committees throughout the school year, boosting the quality of the content published on social media platforms. By using COKE funds, this benefits USG because posting higher quality content will allow for us to maintain/boost USG's status and brand as a professional organization. Lastly, although the camera will be associated with comms, other committees and operations will have access to the

camera as well, therefore being a valuable resource to the whole organization. Whether one utilizes it or not, the camera will benefit/engage all of USG.

**Cost Breakdown:**

Canon EOS Rebel T7i Charger (can be found on Amazon): \$13

**Total Budgeted:** \$13.00

**Funding Source:** Coca Cola Endowment Fund (COKE)

---

**Line #3:** Tiny Mic for Social Media Content

**Contact:** Katherine McKeown.46

**Budgeted for in the Past:** No

**Description:** The purpose of purchasing a small microphone is to enhance the current creativity of the content that USG puts out on its social media. By having a small microphone, COMMs could make entertaining videos/interviews of the student body, USG members, senior staff/executive committee, etc. This is a very popular social media trend that has caught millions of users' attention. Thus, by participating in this trend and having a mic, we could make USG content more entertaining while still being informative, attracting the attention of potential new members. Since this would help USG recruitment, retention, and overall social media content, it would benefit all of USG, thus explaining why COKE funds should be used. Likewise, other committees could utilize the microphone as well.

**Cost Breakdown:**

2 Pack Tiny Wireless Microphone - \$14.00

**Total Budgeted:** \$14.00

**Funding Source:** Coca Cola Endowment Fund (COKE)

---

**Line #4:** Targeted Social Media Ads

**Contact:** Katherine McKeown.46

**Budgeted for in the Past:** No

**Description:** Investing in paid-promotional advertisements on Instagram would serve numerous benefits for USG. Primarily, it would allow for USG social media, information, and recruitment/promotional content to have enhanced reach since these ads can extend our reach beyond current followers. This is via Instagram's precise targeting, allowing us to narrow down our audience by age, location, interests, and school - thus ensuring we can flush out information to intended, smaller audiences - a huge goal of Operations this year. Additionally, by investing in these advertisements, we will be able to access analytics for ads - something we have not had in

the past. Receiving information on reach, impressions, engagement, and so on will help Operations refine future outreach campaigns. Moreover, since this is helping attract new members, it is directly benefiting USG, explaining the use of COKE funds. Lastly, Operations would be mainly engaged through this project, specifically COMMs and Recruitment.

**Cost Breakdown:**

Paid Promotional Content Fees to Instagram - \$50

**Total Budgeted:** \$50.00

**Funding Source:** Coca Cola Endowment Fund (COKE)

**Community Relations**

The Community Relations committee strives to reach out to students and be an effective communication mechanism between the student body and the student government that advocates for them. Community Relations gives both students and USG a voice by putting on forums, starting dialogue, and connecting undergraduates to their representatives.

The apparel will be provided to all members of the General Assembly.

**Line #17:** Wall Street Journal Subscription

**Contact:** Hayden Price.1695

**Budgeted for in the Past:** USG currently pays for all students to have access to the New York Times

**Description:** Following the success of the New York Times initiative, we have engaged in talks with the Wall Street Journal (WSJ). 8 of the other 13 Big Ten Schools have already adopted a WSJ program with great results. Many students, especially in the business school, are required to purchase a WSJ subscription for their classes. We have currently negotiated a rate of \$31100 for 2 years of access for all students, faculty, and staff (subject to change). This works out to a rate of about \$0.25 annually per head, far lower than the \$48 annually that many students pay. We have explicit funding from the Council on Student Affairs for this initiative and are working with stakeholders Student Life Technology Services for technical integration and ADA Office for digital accessibility to ensure a successful rollout. The ADA office has accessibility standards for all technologies the university rolls out, and we will be working with a company called Mobikasa to ensure that this initiative meets those standards. They are going to perform full accessibility testing for \$19,200 (far less than the >\$40,000.00 that we were quoted from other vendors). We will work with the WSJ marketing department, various student organizations, and other relevant parties to ensure we can market this initiative effectively.

**Undergraduate Caucus/Shared Governance**

Shared Governance is a system of university decision-making that formally brings together faculty, administrators, and students to approve and review university policy. Ohio State's robust Shared Governance system includes the University Senate, as well as many university committees. Each of these bodies gives full voting and participation rights to its student members. Ohio State students are quite fortunate in this respect, as student involvement is less formalized at many other universities. To USG, Shared Governance is where we apply our student advocacy to real policy proposals. Projects from USG Cabinet Committees and resolutions from USG General Assembly can be introduced into the Shared Governance system for higher-level discussion and consensus-building. Ideas approved via Shared Governance are generally enacted by university administrators.
