General Assembly Constituency Report 1

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

I have represented the student voice by emailing certain individuals within OSU that have power in fixing my constituents' problems. I also have been outspoken on Instagram (@avatar_teresa) on issues such as bussing and dining and have asked my constituents for their opinion. Within the chamber, I have been the sponsor of two legislations and hopefully more in the future. In October/November I will be hosting workshops for my constituents and all students. These workshops will combine a physical element with USG issues to hopefully attract more people.
