Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Due to covid19, I have not had the chance to physically host events for my on-campus constituents. However, as the semester progresses, I hope to be able to gather data on the student experience so far on campus and what could be improved upon as we prepare for our upcoming spring semester. The school has been pro-active in their covid19 accommodations. However, I believe it to be crucial to amplify the student voice as we navigate these unprecedented times and prepare for the upcoming semester.
