

General Assembly Constituency Report 1

Senator Information

General Assembly Senator: Sai Nune

Constituency: Engineering Senator

Contact Information: nune.1@osu.edu

Meetings and Events Attended/Hosted

Date	Organization/Event Name	Discussion Topics	Primary Contact Info for Organization/Group

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

One of the main things I have done since being elected for my specific constituents is work on trying to get the College of Engineering to allow students to P/NP for major and minor classes. As this is something being implemented by many other colleges across campus, it is important for engineering students to have this option as well and through collecting testimonials for multiple students, I have reached out with information and persuasive arguments to engineering administration in order to try make positive change on an important matter.

General Assembly Constituency Report 1

Along with this, I have also worked with the Diversity and Inclusion subcommittee on co-sponsoring 53-R-11 for recognizing Latinx Heritage Month along with new resolution ideas on what we can do to further increase access, especially now during COVID.
