N/A	Individual constituency outreach	-Any feedback or concerns individual constituents have regarding resolution or USG	N/A

General Assembly Constituency Report 2

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Since being elected I have co-sponsored resolutions 50-R-10 & 50-R-11. I have also introduced 50-R-12. 50-R-10 deals with creating a standardized absence policy, which will help benefit engineering students. 50-R-11 calls on the university to be more transparent about international fee increases that have occurred over the last 5 years. 50-R-12 calls on the university to recognize the 2nd Monday of October as Indigenous Peoples' Day. All these resolutions have been represented my commitment to representing student's needs. In the chamber I have spoken about how resolutions will impact engineering students and how they will affect diversity and inclusion.
