10/18/1	Student panel meeting with	Student Satisfaction	Shivani Patel.2152
7	CoP Staff	With current curriculum	

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

The Bachelors of Science in Pharmaceutical Sciences (BSPS) class of 2018 was one of the first classes involved in a massive curriculum change in the BSPS program. With this, several brand new classes were added and were not yet perfected by the instructors. Many of these classes were inconveniently formatted and delivered (since they were being offered for the first time and still in the works to be perfected) and have not been optimally conducive to students' learning like many of the already established BSPS classes were. Due to this, I have gathered input from my classmates/constituents

General Assembly Constituency Report 2

and have presented them to the coordinators of the classes, expressing our collective concern and suggestions in order to better the classes. This has made great effort and the staff began making changes immediately to benefit the students.
