Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

I have yet to sit down with anyone from administration or hold a constituency event myself, but I plan to before the end of the semester. I have tried to get into contact with the off campus and commuter services and hopefully I will be able to work with them to better understand my constituents. I have mainly gone to student organizations with lots of commuters and introduced myself and asked my constituents.
