Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Although I have not had direct sit down meetings I have reached out to the mass group of south campus residence by sending out an email to the hall directors of each dorm which they sent to their respective residents. The letter was an introduction of the South Campus Senators as well as information about what we can do for them as members of the student body. From this outreach I am hoping to allow an opening for all south campus residence to reach out to myself and the other south campus senators for their betterment.
