General Assembly Constituency Report 2

Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

1. Started a social media accounts to post events/resources for international students via WeChat. Planning on starting social media page on Facebook or Instagram.
2. Initiate a resolution which requires OSU to release the spending of the International fees. (Still on the research stages to gather more convincing facts).
3. Try to start the International Student Councils which consist of students leaders from several main ethic/cultural student organizations. Working on getting more meetings with those student leaders and discuss more details before October and officially form the council before fall break.
4. Presented the idea of International Student Council(ISC) to 3 members of senior management team for student life and got supports from all three of them. The constitution of ISC is under construction now and this council would be formed soon.
5. Met with several leaders of student organizations from different student groups. They are all interested in joining in the council.
