Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Thus far into my first term as Business Senator I have worked on a number of projects for my constituents, the main one being a University-Wide Standardized Absence Policy. Since I am also a Deputy Director of the Academic Affairs Committee in USG Cabinet, this project has been chosen as the first resolution our committee is going to send to the General Assembly for the academic year. Along with this project, the fellow business senators and I have been in contact with the Undergraduate Business Council so together we can work to create a better academic experience for our shared constituents.
