Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

At the GA meet and greet I was able to speak with a few members of my constituency as well as some of the greater student body. Apart from this I have been able to reach out to individuals within the Exploration program. I have also co-sponsored a resolution to reverse the ban on window art on campus. From here I plan to reach out to the Exploration administration to try and organize a "Exploration Fair" for exploration students to connect with members of potential colleges.
