Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

The GA meet and greet provided me with an opportunity to engage with my fellow students, inform them about the great progress USG makes for the university, and hear more about their opinions. Although I did not meet anyone from my constituency at the event, I have reached out to them in other ways. Since the College of Pharmacy is fairly small, it is easy to make conversation with students between classes, at Parks Hall, and through the various events the College of Pharmacy holds. Something I have been inquiring about is how to better the scheduling process for the students. In the past, there have been issues where the college will change class times and locations without notifying the students and many times this takes away flexibility in our class schedules and work schedules. My goal is to find a way to have set times for BSPS classes so that

students are completely aware of the classes they are taking and the time and place they will be offered.
