Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

I met with my advisor, Guy Smalley, to discuss the Public Health Leadership Council. Presidents of the student organizations officially recognized by the College of Public Health, 10 general assembly members, and the public health senator. I asked for the contact information of the student who runs the council, so I could attend those meetings. Guy gave me that information and I contacted Kush via email. I introduced myself and said I would like to sit on the council to better represent public health

students in general assembly. I have yet to receive a response from him and will likely meet with Guy again to discuss alternative ways to represent my constituents.
