## *General Assembly Constituency Report 1*

I co-sponsored a resolution for removal of the window art ban on North Campus, I am currently writing a resolution to install a bathroom in the Morrill tower traditions location. I am also working on finding out what else I can do to improve dining on West Campus, as well as some needed improvements to Morrill and Lincoln. I have talked to current and former residents of West Campus, asking what needs to be improved/ideas they might have. I am also working on planning a constituency outreach event.

In My meeting with Liz Gordon-Canlas and the Hall directors of Morrill and Lincoln, we talked about improvements to Lincoln and Morrill over the summer and what else still needs to be done. We also talked about residence life in the residence halls, and worked to get all students involved on the rest of campus, as well as a brief conversation regarding the large international student population on West Campus. We talked about dining briefly, I told them some of my plans for dining on west campus.
