Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Since being elected, I have been able to communicate with various organizations on campus to raise awareness about the importance USG and the many services we provide and invited them to contact me if they needed assistance with anything involving USG. I also discussed some of the needs that my constituency had in the cabinet meetings and I plan on running a diversity discussion this semester regarding these issues.
