*Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?*

The GA Meet and Greet was a great chance for me to connect with potential students within my constituency. I was able to meet commuters and talk to them about their biggest concerns and introduce myself. I also went to the African unity week. The event was on South Campus and I met several commuter senators and asked about the type of events they wanted to see diversity and inclusion get involved in. I came out of this event with a better understand the concerns of my constituents. Later in the semester I plan on having a constituency event and hopefully finding more ways to take survey. I am currently trying to work on a resolution regarding the CABS bus waiting times because I've noticed that is a major concern amongst commuters.
