Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

I have reached out to classmates, acquaintances, and friends to discuss off-campus living safety by possibly making a resolution to establish more emergency blue lights off campus. I also have used social media tools to reach out to constituents as well. My most valuable tool in representing my constituency is listening to their concerns and acting to change them. I hope to conduct a constituency event with the other off-campus living senators soon in order to be as accessible as possible.
