*Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?*

After assuming office, I made sure to make it known to all my classmates in Fisher that I will be representing them in General Assembly. After doing that I have received multiple complaints about Fisher and I am drafting solutions for these people. The next step for me was attending the Council of Presidents meeting for all Fisher Organizations. At this meeting I learned about the multiple clubs and I will do my best for USG and the Undergraduate Business Council to be close in contact. I also met many people among the different clubs and established contact with them.
