Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

General Assembly Constituency Report 2

I have met with one constituent who reached out to me shortly after I got elected, and I also met a lot of my constituents at the GA Meet & Greet. The main concerns that my constituents have talked to me about are the changes in the bus routes, developing a better meal plan for commuters, and the fact that commuters have to apply to participate in the STEP Program. I submitted a resolutions to eliminate the application for STEP, and allow commuters to automatically enroll in the STEP Program. It will go through GA this week, and from there I will work on setting up meetings with STEP administrators.
