Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

Since my last report, I have been reaching out to multiple advisors in Fisher to find ways to increase productivity and availability of advisors within the college. I am working very hard so that my constituents can find times that are suitable to them so that they may meet with advisors whenever needed. If you ever need to reach out to me or have any problems that you would like to be brought up in Student Government, I am here for you. Please do not hesitate to email me and I will respond promptly. Thank you!
