Since being elected to be part of the General Assembly, what have you done to represent the student voice in the chamber and in other relevant circumstances?

*Since I have been elected to this seat, I have passed a resolution in General Assembly about the creation of a Standardized Absence Policy here at Ohio State. After working on this project for a few months, it became apparent to me that this was something that Ohio State was lacking. I have also helped co-sponsor a bill for this upcoming week to promote more awareness for the STEP program for second year students who commute to Ohio State.*
