- a. 50-R-37: A Resolution to Install Stop Signs at the North Intersection of the St. John Building
- b. Malpass: You know how much I love giving speeches, but I'm not gonna do that. Can we all look at the map and look at where we are talking about. The intersection that I am talking about is the one that's right after the bridge. I am a commuter student and it is very stressful at that place because there is only a yield sign and no actual stop sign.
