Constituency Report 1 49th General Assembly

I'm very happy to report progress on [48-R-30 : A Resolution to Support Access to Course Syllabi Prior to Scheduling](#) .

I have been working on this issue ever since the resolution passed. I have now been informed by the University Registrar that the syllabus.osu.edu website will be ready to Spring 2017 scheduling. I am very excited that this policy has been implemented.

I also serve as the Parliamentarian of the General Assembly, and I'm particularly proud of the Table of Parliamentary Motions I created, which is now in the standing rules. This should allow the GA to function more effectively, and will help the public and members of the GA to better understand the parliamentary procedure that is being used.
