

GA Member: Mikayla Bodey

Constituency: Public Affairs

## Constituency Report 1 49th General Assembly

In my first month as the Public Affairs Senator, I have begun to organize action items for the Glenn College. First, I have to strengthened relationships with faculty and staff as the undergraduate representative at the Faculty and Staff meetings. Second, I have met with Chris Adams, the Undergraduate Coordinator for the Glenn College to forge policy priorities for my time with the Glenn College. We have identified key areas for improvement, and are looking to College leadership and students for suggestions. Third, I have met with transfer, regional campus change, and major change students to welcome them to the Glenn College. These interactions help students feel engaged with the College, and forge a connection to existing students. Finally, I have remained active within the Glenn College's student organization, the John Glenn Civic Leadership Council. It is my hope that this organization will be a vehicle from gathering further input from students. In the coming months, I will be facilitating a student survey. Following the survey, Dean Trevor Brown and myself will meet to discuss action on undergraduate concerns. Outside of the Glenn College, I am the Deputy Director of Government Relations, organizing events for USG's interaction with government officials. Right now, I am organizing a voter registration contest between Ohio State and Michigan State for the last week of voter registration. I am also a USG representative for the University Panel on Food Sustainability, giving student insight to the President's sustainability goal of 40% local and sustainable food sourcing.

### Meetings and Events Attended/Hosted
