Constituency Report 1
49th General Assembly

Due to my Obstetric clinical rotation on Mondays and Wednesdays from 3:00 to 9:30 at night, I have been unable to attend General Assembly at 6:30. I have been sending an alternate each week. Before each General Assembly, I talk to my alternate about my thoughts on the new legislation. She votes on each resolution based on my opinion of it. I review each resolution with one goal in mind, which is to help my constituency as much as possible.
