Constituency: Fisher College of Business

## Constituency Report 1 49th General Assembly

As a first-year Senator representing the students of our Fisher College of Business, I have been in attendance at every General Assembly session, and have voted in favor of all five resolutions that we've passed so far. The legislation that I believe will have the largest positive effect on students is the increase of the maximum amount of credit hours that can be taken in one semester to 21, which I supported. I was in attendance at the Senator Meet and Greet a few weeks ago to try and reach out to students who may not know all of the great things we do in USG. As a member of the Academic Affairs committee, I hope to continue to make sure OSU is offering all undergraduate students the best academic experience possible.

### Meetings and Events Attended/Hosted

Organization/Event Name: Senator Meet and Greet

- Date: 9/7/16
- Topics of Discussion: introducing ourselves to students and explaining how USG functions and what we do
- Primary Contact Info: Danielle Di Scala (discala.1@osu.edu)
