## Constituency Report 1 49th General Assembly

My work as a senator thus far has been devoted to researching issues on Ohio State's campus and learning about the best ways to write effective resolutions for the General Assembly. Personally, I have been working on resolutions regarding scholarship accessibility and campus safety. Also, I have voted in favor of the resolutions that have been presented during the 49th General Assembly meetings. I believe that the resolutions I have voted in favor of will help better the Ohio State community. I am devoted to continuing my work as a positive agent of change for The Ohio State University student body
