Constituency: Off-Campus Senator

## Constituency Report 1 49th General Assembly

So far as Off-Campus senator I have attended every General Assembly session except for one, for which I sent an alternate in my place. I have reviewed and voted on every legislation brought up in General Assembly; I supported legislation that would pave the path to allowing high-achieving students to potentially sign up for 21 credit hours per semester at no extra cost. I am currently in the process of helping to write legislation to bolster off-campus representation in USG. I am also a member of the Health and Safety Committee, and am in the process of researching initiatives undertaken at comparable institutions that the Ohio State University could implement in order to augment mental health services.
