

GA Member: Bertha Kim

Constituency: College of Medicine

Constituency Report 1 49th General Assembly

So far as a senator I have attended all General Assembly meetings and voted for the support of accessibility of student evaluation of instruction assessments and voted for the support of increasing the minimum credit hours.

I have also worked on two separate projects outside of GA. I am talking to FYE for a solution about campus change students and an orientation for them. I am also currently in contact with housing to have virtual tours of all residence halls.

The last thing I have done as senator is attend a meeting that was under my constituency. I attended the School of Health and Rehabilitation Sciences Student Council to bring to their attention about USG and that I am their representative for the General Assembly.

Meetings and Events Attended/Hosted

Organization/Event Name: Meet the Senators

- Date: 09/07/2016
- Topics of Discussion: Introduced myself and other fellow senators which fit in the student's constituency. I also asked them if they had any ideas of improvement for campus and gave them the USG website info so that they could check it out.
- Primary Contact Info: kim.5133@osu.edu

Organization/Event Name: School of Health and Rehabilitation Sciences-Student Council

- Date: 09/12/2016
- Topics of Discussion: I introduced myself and USG and asked the student council of my constituency if they had any questions
- Primary Contact Info: kim.5133@osu.edu
