Constituency Report 1
49th General Assembly

After talking with members of my constituency, I have assessed the increased need for integration of West Campus into the general campus life. I work to increase accessibility of Ohio State resources to these West Campus students and to increase their overall connection to the campus as a whole. West campus feels distant from many vital factors of campus so I will work to reduce this divide and the stereotype of West Campus life.

I am continuing to work hand in hand with the leader in West Campus organizations to create events and legislation to better the living experience for all West Campus students. For many years, the towers on west have been a notorious residence halls on the Ohio State campus. I am continuing to work to remove these negative feeling toward these residence halls and share the same love that I have toward this Ohio State landmark.

Meetings and Events Attended/Hosted

Organization/Event Name: Meet the Senators
    Date: 9/7/16
- Topics of Discussion: introducing myself and my fellow senators to the student body and giving away free pizza on the south oval
- Primary Contact Info: Gerard and Danielle

Organization/Event Name: Ohio State Move-In Day
- Date: August 20th
- Topics of Discussion: I worked with west campus residence halls (Morrill and Lincoln Tower) to help move in new Ohio State students to these dorms. I introduced myself to new and returning students and had the opportunity to give them a good start to their upcoming year on West Campus.
- Primary Contact Info: Rebecca Kapusta

Organization/Event Name: Best of the West (Upcoming collaboration with Res Life and Hall Council)
- Date: Undetermined
- Topics of Discussion: This will come at the end of the 1st semester and be a general event to gather west campus to get continued feedback on the problems faced or the successes made to West Campus and the lives of the students living in this residential area.
- Primary Contact Info: myself for the time being
