## Constituency Report 1 49th General Assembly

After meeting with the Commuter Student Services on campus we have been working towards seeking ways to get our commuter students more involved on campus, as well as, how to make campus more accessible for commuter students and students with disabilities.

We have discussed creating legislation to enhance our crosswalks on campus and make them safer. We have also discussed events that we could host to get our commuter students more engaged and offer them opportunities to enhance their college experience.
